

# LYNN HOT ON TRAIL OF BOMBERS; MANY SUSPECTS IN CUSTODY

## HUN INTRIGUE USED TO FOMENT RIOTS IN U.S.; BERLIN PAYS BILL

WASHINGTON, June 4.—Secret service heads were uncommunicative but tonight as to prospects in the nation-wide hunt for the perpetrators of the bomb outrages Monday night.

William J. Flynn, appointed, but not formally installed, as head of the investigation bureau of the Department of Justice, was assisting in the operations and it was admitted material had been gathered which had proved helpful, though nothing regarding it could be disclosed.

An inquest into the death of the man killed by explosion of his own bomb at the home of Atty.-Gen. Palmer adjourned without attempting to complete a verdict. Officials said there was nothing to decide in view of the circumstances.

Washington police still were working in conjunction with New York and Philadelphia authorities and with the special agents of the Department of Justice, but no arrests were made.

Although virtually every agent and operative of the Department of Justice and the police in eight cities have been working on clues which it was hoped would lead to the apprehension of the plotters, so far as is known in Washington, no really important arrests have been made.

HOLD SIXTY SUSPECTS.

More than sixty suspects have been taken into custody in various parts of the country.

Not since the early days of the war, when the efforts of the Department of Justice were centered on spies and dangerous enemy aliens has there been such a man hunt.

Officials directing the campaign against the anarchist group said today that they thought other outrages might occur, but that an end would be put to them before many days had passed.

It was evident here today that efforts of anarchists to create a reign of terror through attempts on lives of prominent men not only failed, but has been a complete failure. The government that is expected to wipe out the anarchists themselves.

NEW AGENCY CREATED.

The announcement by Mr. Palmer that the purpose of the Department of Justice is the same now as they were before the war, was a statement telling of the creation of a new bureau of the department, with Mr. Palmer as its head, which will have as its paramount duty crushing the anti-government movement.

ALVIN C. YORK, HERO OF WORLD WAR, TO MARRY.

KEARNY'S NEW HEAD IS A NOTED WARRIOR.

GEN. KUHN NOT EXPECTED AT CAMP FOR FORTHNIGHT; GEN. STRONG DELAYED.

PARIS, June 4.—This has been an anxious day throughout the Peace Conference circles, with both the German and Austrian treaties in the balance, and every effort is being made toward early and united action.

The council of four considered the Austrian treaty in the morning to complete the military and reparations terms, which were omitted when the document was delivered Monday. Later the council turned to the German counter-proposals and called in experts.

Many private conferences also were going on, including one between Col. House and A. J. Balfour, British Foreign Secretary, all seeking to clarify the situation and determine the course of action.

The prevailing view of those taking part was hopeful of early and satisfactory results. They admitted the conditions were difficult and the differences were rather sharply drawn, but insisted there was nothing like an impasse or anything threatening an agreement.

Indications were that certain general results already were beginning to take form. The German counter-proposals, as a whole, undoubtedly will be rejected, but a number of suggestions may be embodied in the Allied treaty, not with any purpose of modifying or softening the document, but for the purpose of making it workable and achieving the supreme end of getting it signed and remaining peace.

Certain concrete results also appear to be taking form, namely, the fixing of reparations at a definite sum beyond that sum reducing the period of occupation of the western frontier from fifteen to ten years; readjustment of the Silesia terms, at which Germany was greatly aroused, so that the population may avoid self-determination through a plebiscite.

LEAGUE OF NATIONS.

Regarding the League of Nations, the British and American view at the first has been strongly against Germany, on the ground it would bind her to keep peace. However, France would not consider any association with Germany. Also, it is understood, President Wilson gradually has come to Mr. Clemenceau's view.

The discussion of the council of four is understood to be turning on these topics. A number of other matters are receiving attention. Mr. Clemenceau's view from the Italian and American delegations, while the British incline toward the moderate British view that the main end is to get the treaty signed and restore order to the industrial and labor world.

President Wilson's view, as stated by friends, has been first to keep the Allies intact, and, secondly, to make peace speedily. The President is not disposed to make a modification which would soften peace, but is inclined to make changes in the interest of fairness and the better working of the terms.

ITALY VIRTUALLY OUT.

Within these broad general lines these three statements are trying to shape the course, while the Italian Premier virtually has dropped out as Italy's interest is in the Austrian, not in the German, treaty.

Concerning the details of the proposed changes, the opinion is held that both the Saar and Silesia conditions will be somewhat modified, but that the political status of the Saar district undoubtedly will remain under the League of Nations, with an eventual plebiscite.

AMERICA PROTECTORATE HUN QUEST.

BERLIN, Tuesday, June 3.—There seems to be a widespread demand on the part of the Germans that efforts be made to induce America to enter into a sort of limited alliance with Germany or take protectorate over this country, giving Germany financial aid and protection and taking in return the lion's share of the profits of the country's industrial activities.

Privy Councillor Bergmann, formerly a partner in the German-Edison companies and one of the largest electrical magnates here, suggests a German-American partnership with America the senior and controlling partner.

Magistrate of 200 German municipalities, 30,000,000, have signed an appeal on behalf of the German cities to the American people protesting against the peace terms and demanding a "peace of justice" such as was promised on the basis of President Wilson's principles.

Magistrate of American-born women who have become German subjects by marriage are signing a similar appeal to the women of America. This appeal protests also against the continuance of the blockade.

RAID SPOKANE SOLDIERS' COUNCIL.

SPOKANE (Wash.) June 4.—Eight men and a woman were arrested today when police officers raided the Soldiers' and Sailors' Council rooms, 239 West Main street. It was asserted by the police that a "red" meeting had been called for tonight and the officers decided to close the place.

Booklets giving the laws of the council, with membership cards and office equipment, were seized, the officers stated.

The window of the place bore the sign, "Soldiers' and Sailors' Council." The place had been opened this morning. The hall was closed after the raid.

The nature of the charges against the men and the woman had not been divulged early tonight.

WALTER MILLER LOSES TITLE.

FORTLAND (Or.) June 4.—After two hours and ten minutes of wrestling here tonight, Ted Tye of Spokane won the world's middleweight title from Walter Miller of Los Angeles. When thrown, Miller's right shoulder was dislocated and a wrist lock cost him the title.

AGREE ON AUSTRIAN BILL.

PARIS, June 4.—The council of four virtually has agreed on the reparations clause of the Austrian treaty. This was announced after the meeting of the council today. The question of boundaries was discussed but no conclusion reached.

VIENNA IS INDIFFERENT.

VIENNA, Tuesday, June 3.—The first news that the peace treaty reduced the frontiers of the once mighty empire of Austria came at 10 o'clock last night to Vienna by way of Amsterdam in a news agency dispatch this morning.

The news made scarcely any impression on the people. Newspapers today scarcely comment on the treaty. Editor Benedikt of the Neue Freie Presse received the news at his country home shortly after it arrived in Vienna but did not come into the capital to write on the subject.

In the press room at the telegraph office there was a solitary country reporter, endeavoring vainly to get telephone connection with the telegraph connection of the telegraph office. There were no crowds in the streets. On the whole, Austria was fully prepared for any conditions and the boundaries as fixed appeared to have been expected.

The peace offered Austria is regarded generally as based on might and not on President Wilson's fourteen points. In some quarters it is considered a trouble breeder for the future, particularly as regards German populations given over to the Czechs.

This afternoon's newspapers will make a show of protesting along these lines, but Austria seemingly is really interested as President Seitz has pointed out, in financial aid which will make it possible for Austria to exist.

Japs to Return Shantung.

NEW YORK, June 4.—Japan's aims and motives are being misrepresented in America by "biased or hired agents of China," according to Viscount Ishihara, Japanese Ambassador to the United States, who delivered an address before the Japanese society today. The Ambassador reiterated that Japan intended eventually to return the Shantung concession to China and denounced as "utterly preposterous" a story he said was widely published that Japan had promised China not to declare war on Germany in 1915 because she apprehended that that would mean the moral awakening of the 400,000,000 people of the oriental republic.

# Denial of Copy of Terms Handed Germany Causes Fight in Congress; Text Given Japan

## SENATE MAY HUNT TREATY.

Copies Said to be in Hands of New York Interests.

Hitchcock of Nebraska Asks for an Investigation.

Day's Developments Forecast Bitter Debate.

(BY A. P. MIGHT WIRE.)

WASHINGTON, June 4.—Copies of the peace treaty with Germany have reached Washington by courier, supplementing the cables received at the State Department several weeks ago. Copies have been supplied to the Japanese Embassy, which has forwarded them to Tokyo, and it was assumed that the text had been received by other embassies here.

State Department officials said in addition to the cables received, the financial and reparations sections had been supplied to the Allied Property Custodian and other government bureaus some time ago for their information and guidance.

WASHINGTON, June 4.—The Senate fight over the treaty with Germany, which was introduced today with introduction of a resolution by Senator Hitchcock, ranking Democrat of the Foreign Relations Committee, proposing the committee investigate statements by Chairman Lodge and Senator Borah, Republican committee members, that copies of the unpublished treaty are in the hands of certain interests in New York.

Sensors Lodge and Borah promptly announced their approval of such an investigation, which under the resolution would seek the names of the persons, corporations or interests which have secured copies of said treaty, and from whom they were secured.

Senator Borah also announced that he would secure a copy of the treaty from New York, he would put it into the Senate record and then give it to the public. He said he might receive a copy for that purpose tomorrow.

Representation of Senator Hitchcock's resolution surprised many Senators on both sides of the chamber. Earlier in the day the Nebraska Senator had conferred with Acting Secretary Folke at the State Department, but neither of them would discuss the conference.

Introduction of the measure resulted in no discussion and under the rules it went over without action. The day's developments were taken as forecasts of another bitter debate tomorrow, when the resolution of Senator Johnson of California, making the State Department

for the treaty text, again comes before the Senate.

JOHNSON HOPEFUL.

Senator Johnson hopes to press his resolution to a vote during the day. He expects to have the support of all opponents of the League of Nations and of some who favor the league. Leaders on both sides conceded the vote would be close. Whether the State Department will accede to the Senate's request, should the Johnson resolution pass, has not been revealed by department officials. They have declined consistently to comment on Senate developments. It was assumed, however, that the time of publication of the treaty either would be or has been referred for decision to President Wilson and Secretary Lansing at Paris.

Senator Hitchcock had not decided tonight whether he will call up his resolution tomorrow.

He may do so during the first two hours of the session, but the end of that time it automatically would be replaced by the Johnson resolution.

THE HITCHCOCK RESOLUTION.

"Whereas, the Senator from Idaho, Mr. Borah, has stated in the city of New York have secured copies of the peace treaty while the American people have been unable to secure it;

"Whereas, the Senator from Massachusetts, Mr. Lodge, has stated in the Senate that he knows of four copies of said treaty of peace with Germany now in New York and that the only place where it is not allowed to come to is the United States;

"Whereas, the Senator from Idaho, Mr. Borah, has stated that the interests now having possession of said copies of said treaty are particularly interested in the treaty, now, therefore, be it

"Resolved, that the Committee on Foreign Relations be authorized and directed to investigate the matter with the view of ascertaining the facts and particularly to ascertain and report to the Senate the names of the persons, corporations or interests which have secured copies of said treaty and from whom they were secured and by what methods, and also to ascertain and report to the Senate in what manner and to what extent said interests are particularly interested in said treaty."

COST MAY HALT INQUIRY.

The final paragraph of the resolution contains provisions for the expenditure of the committee, but the cost of such an investigation, which would require the committee to hire a large number of clerks and to employ a large number of investigators, would result in a halt to the inquiry.

MAY GET COPY TODAY.

Senator Borah also announced that he would secure a copy of the treaty from New York, he would put it into the Senate record and then give it to the public. He said he might receive a copy for that purpose tomorrow.

Senator Borah also announced that he would secure a copy of the treaty from New York, he would put it into the Senate record and then give it to the public. He said he might receive a copy for that purpose tomorrow.

Representation of Senator Hitchcock's resolution surprised many Senators on both sides of the chamber. Earlier in the day the Nebraska Senator had conferred with Acting Secretary Folke at the State Department, but neither of them would discuss the conference.

Introduction of the measure resulted in no discussion and under the rules it went over without action. The day's developments were taken as forecasts of another bitter debate tomorrow, when the resolution of Senator Johnson of California, making the State Department

for the treaty text, again comes before the Senate.

JOHNSON HOPEFUL.

Senator Johnson hopes to press his resolution to a vote during the day. He expects to have the support of all opponents of the League of Nations and of some who favor the league. Leaders on both sides conceded the vote would be close. Whether the State Department will accede to the Senate's request, should the Johnson resolution pass, has not been revealed by department officials. They have declined consistently to comment on Senate developments. It was assumed, however, that the time of publication of the treaty either would be or has been referred for decision to President Wilson and Secretary Lansing at Paris.

Senator Hitchcock had not decided tonight whether he will call up his resolution tomorrow.

He may do so during the first two hours of the session, but the end of that time it automatically would be replaced by the Johnson resolution.

THE HITCHCOCK RESOLUTION.

"Whereas, the Senator from Idaho, Mr. Borah, has stated in the city of New York have secured copies of the peace treaty while the American people have been unable to secure it;

"Whereas, the Senator from Massachusetts, Mr. Lodge, has stated in the Senate that he knows of four copies of said treaty of peace with Germany now in New York and that the only place where it is not allowed to come to is the United States;

"Whereas, the Senator from Idaho, Mr. Borah, has stated that the interests now having possession of said copies of said treaty are particularly interested in the treaty, now, therefore, be it

"Resolved, that the Committee on Foreign Relations be authorized and directed to investigate the matter with the view of ascertaining the facts and particularly to ascertain and report to the Senate the names of the persons, corporations or interests which have secured copies of said treaty and from whom they were secured and by what methods, and also to ascertain and report to the Senate in what manner and to what extent said interests are particularly interested in said treaty."

COST MAY HALT INQUIRY.

The final paragraph of the resolution contains provisions for the expenditure of the committee, but the cost of such an investigation, which would require the committee to hire a large number of clerks and to employ a large number of investigators, would result in a halt to the inquiry.

## RHINE STATE IS NOT WELCOMED.

Workmen Opposed to Change of Government.

Germans in French Occupied Territory Pleaded.

Coblenz Press Sees No Advantage in Republic.

(BY CABLE-EXCLUSIVE DISPATCH.)

COBLENZ, June 4.—The alleged birth of the Rhine republic has not created much enthusiasm among the population of Coblenz.

The workmen have not welcomed an opportunity to free themselves from the Prussian yoke. On the contrary they are much opposed to the suggestion of a change in government. As far as known here Mr. Dorsten, provisional president of the movement, came to Wiesbaden a few months ago. He is a lawyer not at all familiar with any political party and German papers are asking information about him.

Wiesbaden and Mayence, where the movement is active, are in territory occupied by the French. French authorities expressed no objection to Dorsten's activities. They have not molested persons in sympathy with him.

French papers have spoken of the desirability of a German state along the Rhine independent of the French, but it is not reflected in Coblenz and Cologne.

Strikes in both cities continued only as long as the military occupation of the territory.

The separatist movement against the American and British troops, even those of the Catholic party, all are bitterly against the new rule. Circulation of papers containing pleas for the unity of Germany is prohibited in French territory, where the censor is active.

Satisfaction is said to have been expressed by German inhabitants of the territory occupied by the French, but it is not reflected in Coblenz and Cologne.

The journals here accept acceptance of the Rhine of responsibilities relating to the war which Germany must assume.

Officers of the American Army of Occupation are going to see the job through. They were informed there were no vacancies. They were sent to service of supply duty.

Several high ranking officers of headquarters were told to go home whenever they wished. None made a request. It is indicated clearly that the general headquarters is determined to stick to the Rhine.

No men enlisted recently in the United States for service in Europe have arrived. A considerable number are held in Brest. There is no information here as to when they will be sent forward.

ARMY MAKES REPORT.

COBLENZ, Tuesday, June 4.—Regarding the reports received here of the launching of the Rhine republic today's summary of intelligence issued by the American Third Army says:

"The events of the last few days, which have culminated in a definite attempt at Wiesbaden to proclaim a Rhine republic, have been followed by a congress which declared the autonomy of the Rhine, according to a Russian wireless dispatch from Moscow. The congress, the Bolshevik message adds, elected Semenov 'grand duke of Mongolia.'

"The Soviet troops occupied several villages forty-five miles west of Coblenz, the statement adds, and also are advancing in the Narva sector."

Court at Pomona Hears Many Original Trials of Woe.

POMONA, June 4.—A broken arm, a companion suffering from pneumonia, and the ignorance of the city limits were among the more interesting excuses given by a line of speeders today when they fled before Judge Mason, G. S. Scott, a soldier of San Dimas, was stopped as he was traveling by his arm broken in the service and was afraid that he had broken it again and was hurrying to get to a doctor in San Bernardino. A fine of \$25 was suspended under the circumstances.

#### RICCARDI SURRENDERS AT SAN FRANCISCO.

FORMER LOS ANGELES ATTORNEY IS ACCUSED OF EMBEZZLEMENT.

SAN FRANCISCO, June 4.—Attorney C. Vincent de Riccardi, who the police thought was in Ulloa, N. Y., a fugitive from justice, surprised the authorities by surrendering himself here today. He was released on \$5000 bail.

Riccardi recently was indicted on a charge of having embezzled \$1000 from Alberto Rolatti, a client confined in the County Jail. An embezzlement charge on complaint of two other clients also is pending against him in the Superior Court.

At the last calling of the case, a bench warrant was issued for him and \$500 bail was at stake. The bench warrant was cancelled when Riccardi made his appearance today. Riccardi also faces disbarment proceedings which were filed against him Monday in the District Court of Appeal by the San Francisco Bar Association.

The petition for disbarment contains five counts. The charges include "moral turpitude, dishonesty and corruption." Riccardi is accused of withholding funds from five clients on various pretexts. In one instance the attorney is accused of appropriating \$100 which he collected from a client on the representation that the money was required as a deposit by a draft bank. Riccardi came to San Francisco several years ago from Los Angeles.

## The Herrick Refrigerator

DRY AIR CIRCULATION

Features that Built the Herrick Reputation

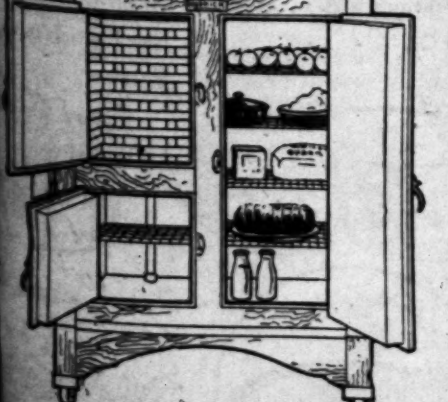

Herrick quality is not confined to any one part of the refrigerator. It is apparent in every part.

Some Herrick features may be more noticeable than others to the eye. But every Herrick feature, whether hidden or in sight, has a definite duty—a profitable purpose to the purchaser.

It either helps to reduce ice bills, to preserve foods longer, to eliminate annoyance or to lengthen the life of the refrigerator itself.

The upkeep cost of a refrigerator should always be taken into consideration before making your selection. Oftentimes, a few dollars saved in the primary cost of an ordinary or poor quality refrigerator may cost you many times that saving during the life of the refrigerator.

Due to its scientific construction and many quality features, the Herrick has the reputation of being the most efficient and the most economical refrigerator on the market.

## MAHANA TELLS OF LOVE.

### Admits Wining, Dining Mrs. Green and Weekly Visits to Divorce Nest.

Admitting his love for Mrs. Helen Glass Green, George T. Mahana, prominent young insurance man and member of the Los Angeles Athletic Club, yesterday gave his final testimony in deposition, to be used as evidence in the love triangle suit for \$50,000 damages, brought against him by Thomas H. Green, charging that Mr. Mahana stole the affections of Mrs. Green. Mr. Mahana's deposition was taken yesterday before Commissioner John Bisher, in the Los Angeles Trust and Savings Bank Building. Attorney Joseph Muirgrove representing Mr. Green. Mr. Muirgrove was accompanied by his attorney, Duke Stone.

Mr. Mahana frankly admitted that his friendship for Mrs. Green reached the point where he told Mrs. Green of his love. He said that he and Mrs. Green, who is living with her four children at Las Vegas, Nev., preparatory to securing a divorce from her husband under Nevada laws, had talked over many times the possibility of their marriage after she has secured a divorce from her husband and he has secured a divorce from his wife.

He testified that Mrs. Green is living in Las Vegas with her four children and her sister from Kansas City, and that he has a room in a house near by and while on his weekly trips there lunches and sometimes breakfasts with Mrs. Green. And on his evening calls stays sometimes as late as 11 o'clock. When asked to state the mental attitude of Mrs. Green and himself, Mr. Mahana testified:

"We are not sorry for ourselves. We do not need consolation."

Mr. Mahana said that he and Mrs. Green had decided that in case of their future marriage, her four children would live with them, and in case Mrs. Mahana desired to (Continued on Fifth Page.)

## WHO'LL FLY OVER PACIFIC?

### Thomas H. Ince Deposits Fifty Thousand Dollars for Prizes.

For the purpose of encouraging the first trans-Pacific aerial voyage and to have it start from the vicinity of Los Angeles, Thomas H. Ince yesterday deposited \$50,000 with the Venice Trustees as prize money. He stipulates that the start must be made from Venice and be begun within six months.

Mr. Ince says that he expects to attract the greatest aviators of the day and has divided the prize into what he believes to be the fairest rewards for the aviators who seek to accomplish the epoch-making flight. To the first aviator who flies from the aviation field at Venice to

Australia, Mr. Ince will give \$25,000; to the one who reaches Honolulu, \$10,000; a consolation prize of \$5,000 will be presented to the aviator who fails to reach Australia or Honolulu, but who makes the farthest flight. If Australia is reached, the \$10,000 and \$5,000 prize will automatically be canceled. If Australia is not reached, and Honolulu is, the \$25,000 and the \$10,000 prize will be canceled. The first candidate to appear for the prize is Dr. Frederick Whitney.

Mr. Ince and the Venice city officials believe that the stupendous aerial undertaking, following the great trans-Atlantic flight, will create (Continued on Fifth Page.)

### BIICYCLIST GETS DAMAGES.

For injuries received when a truck struck the bicycle he was riding, Donald Warner, 18 years old, was awarded \$325 damages against Sam E. Fusco, a fruit dealer, in Judge Wood's court yesterday. The defense claimed the lad was riding on the wrong side of the street.

### RICHARDS RESIGNS.

Frank W. Richards' resignation as assistant City Prosecutor was received by City Prosecutor Widney yesterday. It came by letter from Wichita Falls, Tex., where Mr. Richards went a few days ago to look over the oil field.

Mrs. Myron Edward Etienne. Married last evening at a brilliant wedding ceremony at the home of her parents, Mr. and Mrs. W. J. Bettingen, in Oak Knoll.

FOR "STATES" DAY AT TRINITY SUNDAY.

Iowans are resolved to be fully represented at the big State's Meet in Trinity Auditorium on Sunday.

Many notable Hawkeyes will be in the delegation. All who intend to participate are requested to be in their seats at 10:30 a.m., and to wear an Iowa badge or button.

As the Alaska-Yukon Club will take part in "States" Day, the regular monthly meeting, scheduled for Saturday evening, will be omitted.

All who have ever lived in the Alaska-Yukon region are asked to meet at Trinity Auditorium at 10:30 a.m. to join in the "Sixth Annual Observance of States' Day." Alaska is

paired with Hawaii and the Philippines.

Dr. George H. MacNeill, president of the Connecticut State Society, is making a special effort to have his State well represented in the "States' Day" exercises. His State is paired with Nevada.

HE IS REPUTATED. John Kane Skelly, a former American citizen, but who was a member of the Canadian Expeditionary Force from July 16, 1914, until the signing of the armistice, was repatriated by United States District Judge Bledsoe yesterday.

The court congratulated him on the spirit of patriotism shown in his petition to again resume his citizenship in the republic.

SOCIETY.

BY VIRGINIA WOODS.

Brilliant Wedding Ceremony. In a floral setting of exquisite beauty, Miss Lucile Mary Bettingen of Oak Knoll and Mr. Myron Edward Etienne of San Francisco last evening plighted their troth.

The ceremony, which was a most brilliant and distinguished affair, took place in the ballroom of the bride's parents, Mr. and Mrs. William John Bettingen of 1144 North Hillcrest avenue, Pasadena.

Dr. Leslie E. Learned, rector of All Saint's Episcopal Church of Pasadena, read the service in front of an altar of pink roses and ferns. Cathedral candles on either side adding to the effectiveness.

The ballroom was a bower of pink roses, massed with ferns, palms and southern Smilax, and given quite an enchanting effect with a clever arrangement of the electroliers. Just before the ceremony Madame Rose E. Sprotts gave a musical programme and later had charge of another programme of music.

After the ceremony there was a reception for two hundred and fifty guests.

The bride, one of the fairest and most youthful who have gone to the altar this year, was a picture in her robe of white satin trimmed with rose point lace and embroidered in silver. She wore a tulle veil which was crowned to her hair with blonde hair with orange blossoms. Orchids and gardenias were fastened into her shower bouquet. Her father, Mr. W. J. Bettingen, gave her in keeping.

Mrs. Joseph Frederick Sigwart of Sacramento, sister of the bridegroom, was matron of honor and was wearing a gown of pink silk and net. She carried a colonial bouquet of pink rose buds. Miss Bettie Bettingen, sister of the bride, and Miss Leontine Bayer were the bridesmaids and were lovely in ruffled gowns of pink silk point de esprit over pink silk. Their bouquets were also pink roses.

Dr. Richard Magon of San Francisco was Mr. Etienne's best man and his other attendants were George Whittier, Mylo Johnson, Frank Browne and Max Blankenhorn. Roy Crocker of San Francisco was to have been an usher, but at the last moment was detained in the Bay City.

Mrs. Bettingen, the bride's beautiful mother, graced the affair in an imported beaded gown of chartreuse. Mrs. Victor Etienne, mother of the bride groom, was also handsomely attired.

By Mrs. Anderson. Mrs. J. Crumpton Anderson was hostess on Tuesday at a tea at the Hotel Alexandria following the British lithograph exhibition in charge of Mrs. Joham Bixby, Jr.

Among those Mrs. Anderson entertained were Mrs. Second Guard, Mrs. George Fuesnot, Mrs. Bixby, Mrs. J. C. Clark, Miss Phyllis Clark, Mrs. Dwight Hart, Mrs. J. Paul Satterlee, and one or two others. Mrs. Fred Johnson also entertained a few friends at tea and so did Mrs. Dorothy Gore. Among the latter's guests were Mrs. A. C. Ellicks and Mrs. Charles O'Leary and others.

Mrs. Satterlee, who is down here from Berkeley, will be a house guest for several weeks of her sister, Mrs. Bixby.

Mr. and Mrs. Huntington. Mr. and Mrs. Henry E. Huntington are enjoying recreation at Palo

PLAN COTTON COMPRESS HERE.

Council Acts to Facilitate Handling of Export Crop at the Harbor.

Approval was given by the Council yesterday to the plans of the Harbor Commission to install a high density cotton compress at the harbor as speedily as possible, so that it may be in readiness to handle the export cotton crop now maturing in the Imperial and Palo Verde valleys and from Arizona and other points.

The Council, by its resolution, authorized the Harbor Commission to enter into a contract for the expenditures of not to exceed \$50,000 for the complete installation of the plant, providing that the contract shall be let to the lowest regular, responsible bidder and that the compress shall be operated by the Harbor Commission as a public utility.

The contract will provide for progressive payments to the contractor on a monthly basis of the total net profits each month up to and including the first day of March, 1920, when a full settlement shall be effected, and if the Harbor Commission has not sufficient funds on hand to complete this payment, the Council agrees to advance the money needed.

Robles, where they went for a fortnight's visit. They have already been gone a week. Unless they change their plans, Mr. and Mrs. Huntington will pass the summer at their handsome Southern California estate at San Marino.

For Miss Pico. Miss Ruth Pico, who came down from San Jacinto for the alumnae luncheon and tea at Ramona College yesterday, is to be honored guest at a dinner-dance, at the Aeolian Club, Friday evening, when Miss Mary Louise Scharbarum will be hostess.

For San Francisco Visitors. Mrs. Robert Sherman will entertain at tea, at the Los Angeles Country Club, inviting her guests to greet Mrs. G. Knecht, a former Los Angeles girl, and Mrs. Greame MacDonald, both of whom are here for a fortnight's visit, having motored down from San Francisco. Mrs. Knecht is a sister of Mrs. Philo Lindley, who is entertaining twenty guests at tea, to-morrow, in compliment to her and Mrs. MacDonald.

By Mrs. Tomblin. Mrs. John Wesley Tomblin, who has been visiting in the Bay City region, entertained at luncheon, on Monday, at the Palace Hotel, San Francisco, in compliment to Mr. and Mrs. Charles E. W. Moore. Among her guests were the former Mrs. Walter P. Story and her mother, Mrs. I. J. Johnson.

Supper-Dance. Miss Margaret Kellogg is entertaining at a supper-dance, tonight, at her home, 9 Beveler square, in compliment to Mr. and Mrs. Edwin McLaughlin (Edith Young).

There are to be sixty guests, and they are all to wear sports clothes. Supper is to be served in the garden which are to be illuminated with Japanese lanterns. Miss Kellogg will be assisted by Misses Cecile McLaughlin, Eleanor MacGowan, Corinne Eisenmayer and a few others.

By Mrs. Page. Mrs. James Rathwell Page, of 254 Windsor boulevard, is planning to entertain at a party, on Wednesday afternoon, and is arranging the affair as a courtesy to Mrs. Gustave Knecht of San Francisco. She is to have half a hundred guests.

By Mrs. Marsh. Mrs. Robert Marsh, of 1119 Westchester place, is planning a courtesy to Miss Evelyn Johnson, whose engagement to Mr. Joseph Brandon Bruner of Raleigh, N. C., was announced in The Times on Tuesday, and for Miss Margaret Mortison of Chicago, who is the daughter of Dr. and Mrs. Milbank Johnson, is a niece of Mrs. Marsh, and Miss Mortison is a classmate of Miss Florence Marsh.

The affair is to be a supper-dance, which will take place the evening of Friday, June 13, at the Marsh home.

Dancing Party. Mr. and Mrs. W. B. Russell entertained forty friends at a dancing party, at their Vine street home, which was decorated in a mass of roses and ferns.

By Miss McCoy. Miss Marie McCoy is planning a large card party, for the afternoon of Tuesday, June 17, as a courtesy to Mrs. Wayland Mortison and Miss Florence Johnston, fiancée of Lieut. Hancock Banning, Jr.

OF TO YOSEMITE. A number of Los Angeles folk are leaving this morning, to motor to the Yosemite Valley for several weeks' stay. Among these are Mr. and Mrs. Grantland Seaton Long, who will later go to Lake Tahoe and then to San Francisco, to be gone two months. Mr. and Mrs. W. B. Scarborough will also leave this morning, and Mr. and Mrs. Alexander Barrett and Mrs. William Keller form a party which is making the trip together.

Senior Dance. Misses Elizabeth Davidson and Edie Wright are to give a large supper-dance, at the home of Miss Wright's parents, Mr. and Mrs. L. C. Wright, on the evening of Saturday, June 21. The affair is in honor of the senior class at Marlborough. There are to be 150 guests.

HELD TO ANSWER. Accused of receiving stolen property from Antonio Palma, indicted by the grand jury for the theft of a trunk and contents, valued at \$1000, Encelle Lion, Jose Martinez and Larza Medrano were held to answer yesterday by Justice Brown. Palma was charged with having stolen the trunk and contents and leaving it with them to sell. The property was stolen from H. W. Atkinson, then a guest at the Ramona Hotel.

"Roughing it" in the National Parks

"Roughing it de-luxe" expresses what a summer outing may be in the National Parks of the West.

All the joys of the wilderness, within easy reach of modern hotels and railroad trains.

Here you can camp out—climb mountains—go fishing—and hit the trail—in a region of peaks and canyons, glaciers and geysers, Indians and bears, deep woods and ice-fed lakes. Around the corner are modern resort hotels and miles of auto boulevards. Summer excursion fares.

Ask for the booklet you want. They describe Yellowstone, Glacier, Rocky Mountains, Mt. Rainier, Crater Lake, Yosemite, Sequoia, Hawaii, Grand Canyon, Petrified Forest, Zion, Mesa Verde and Hot Springs of Arkansas.

Let's be honest with our teeth!

Like everything else, we are apt to take our teeth pretty much for granted. We don't begin to appreciate these "mouth jewels" until we begin to lose them. And then—oh, then!—it's too late.

You can't expect good health without good teeth—they go together! Modern medical research has revealed a host of diseases which can be traced directly or indirectly to mouth infection—decayed teeth and diseased gums. And when you realize that easily 90% of all civilized people have decayed teeth—you begin to appreciate the tremendous import of this statement.

How, then, can you keep your teeth from decay—how can you preserve this priceless heritage Nature has given you?

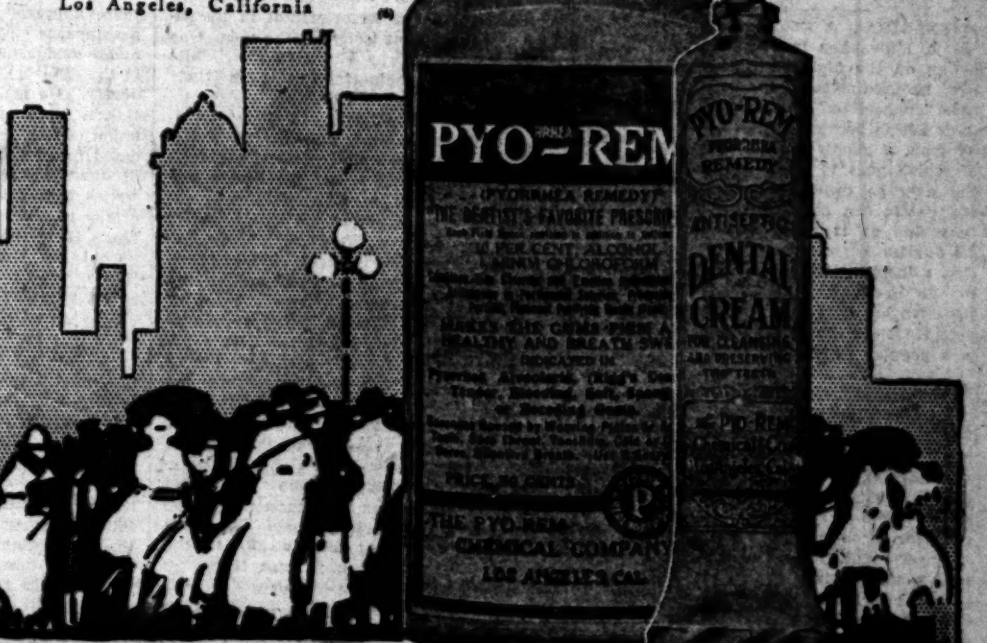

First: by visiting your dentist regularly; for he can do for your teeth what no dentifrice, unaided, can hope to do for you.

Second: depend on Pyo-Rem to protect and preserve your teeth and gums in the natural way—by keeping the mouth free of substances that breed germs, acids, and decay.

Pyo-Rem Dental Cream is a soft, luxuriant cream that cleans, whitens, polishes and preserves the teeth. Absolutely gritless—won't scratch the enamel! At your druggist's, in 25 cent tubes.

Pyo-Rem Liquid is an unusually effective mouth wash that makes the gums firm and healthy and the breath sweet. Specially helpful for Pyorrhea, tender, bleeding, soft, spongy and receding gums, etc. At your druggist's—in 8-ounce bottles, 50 cents.

-a personal invitation from old Neptune:

OLD NEPTUNE blinks with kindly eye at the kiddies who disport themselves in sand or surf at Santa Barbara.

Nor does he overlook maidens fair and ladies matronly—nor yet members of the male persuasion who may wish to swim out and say, "Hello, Nep, how are you getting on these bouncing, billowy days?"

For, verily, this Genial Gentleman of the Sea has been more than generous to Santa Barbara. He gave this fair resort city, for its birthright, a pricelessly smooth, hard beach—an ideal bathing beach of pure white sand.

He next arranged with Old Sol to send forth a steady stream of sunlight that folk might be warm and comfortable while he loved them.

He kept away from this sheltered offspring, treacherous under-tows and eddies so that youngsters might play about and that grown-ups might swim in utter safety. And, not content with this, he made possible a varied program of ocean sport.

And now, in the fullness of his kindly sailor-heart, Old Neptune asks you to come to Santa Barbara—that you may get wet, get tired, get hungry, happy—and "bounce the blues" out of your work-worn system.

Will you come? Of course you will!

At Santa Barbara there are ample accommodations to suit every purse and purpose. For detailed information as to rates, etc., write the Santa Barbara Chamber of Commerce, Santa Barbara, California.

## PEN POINTS

BY THE STAFF.

Is this the day that the future of the world will be decided?

Pink elephants will be seen as the dodo about July 1.

The Federal tax on luxuries is to be extended to loafers.

How about the soviet? Will it cream cheese or cavare?

The man and woman who "em off" are now in their glory.

The old saying about talk cheap doesn't go since the talk in the local telephone rates.

Maybe Germany will try to make a separate peace with France. They might be able to see you if I hadn't seen you.

And there was the old-time man who always greeted a friend with "Hello, I wouldn't have seen you if I hadn't seen you."

A committee is coming to a country from Sweden to study postal operations. Must have a tough service over there.

It used to be said that a woman was like a woman, but now it is like a woman on the other foot, so to speak.

We have had a lot of alleged "hard" and "deteriorated" men, but the President Wilson is the only one who is not.

The peace delegates are in time. This is probably all right, but the Germans are signing on the dotted line.

Major-elect Snyder and his season will both strike the same day as the day of the week.

Atty-Gen. Palmer is in his years. He declines to be "hard" and "deteriorated" men, but the President Wilson is the only one who is not.

With the coming of the weather, the next bond will likely to make an appropriate fund on hand for a rainy day.

Washington, not long since, advanced the theory that a position to go to at once doesn't it?

It is reported that President Wilson will be in the city for a long time.

There is a lot to be said about the fact that the President Wilson is the only one who is not.

Secretary McAdoo stood to be a real candidate in the nomination in 1920, but he was financially "broken."

June 25 is the limit of the time which the House must take to pass the bill.

A "nonpartisan" election is always popular with the voters. Question for the day is whether the bill will be passed.

The shadow of a sixth impends, unless there is a sliding of the appropriation for under the bill.

Under the clause which states that a jacket for \$10 and a house-coat and wear it.

Sharp turnings, rocks and cents will only come to the test together.

Blown summer rose petals at your feet and now that it is so late.

But climbing mid the evening, a wider view will come.

Dear MARY ALLEN and MARY LINDA.

## JESS KNOCKS PARTNER OUT.

Champion Sends Walter Monahan to Dreamland.

Hemple Gives Willard an Interesting Round.

Challenger Spends Day Swimming in the Bay.

TOLEDO (O.) June 4.—A knock-out in the first round of his bout with Monahan who only yesterday landed directly under Walter Monahan's left ear and less than a second later Monahan's head hit the floor of the ring with a resounding crash.

This unexpected exhibition of punching by the champion was not in the first round of his bout with Monahan who only yesterday landed directly under Walter Monahan's left ear and less than a second later Monahan's head hit the floor of the ring with a resounding crash.

Willard had boxed one interesting round with his other sparring partner, Jack Hemple, and Jack gave the champion just the sort of work to warm him up for a more strenuous session against Monahan.

The way the scorching sun beat down on the ring made it seem that warming up might be termed an inappropriate phrase, but in this instance it is not.

A crowd of probably five hundred fans saw the exciting work-out and some of them thought it was a pre-arranged affair to draw them to later work as an admission fee of twenty-five cents was charged today for the first time.

But if that knock-out was the end of the wrestling match ever was framed.

The champion has definitely decided that his return of sparring partners will number three. They will be Monahan, Hemple and another man yet to be found.

There are six sparring partners in Jack Dempsey's camp.

Willard certainly looked good in his workout today.

Jack Dempsey drove into town again today and this afternoon whiffed away the time swimming in Manzanita Bay.

If any athlete ever looked the picture of health Dempsey is that man.

With his "vacation" only two days away old Jack is looking forward to the end of the week when he will be permitted to return to the task of whaling his sparring partners.

Strikers are active in many lines in Toledo, but Richard added today had no fear of labor troubles in the construction of the arena.

Speak of buying the new yard Tex Richard has just about decided that it will require 1,500,000 feet of lumber to build the arena.

When Jack Dempsey heard that Willard had knocked out his sparring partner a smile broadened on the one he perpetually exhibits over his features but nary a word did he say.

Johnny Sheehy, a Chicago boy, in Dempsey's camp, may be matched with Johnny Rose for one of the preliminaries.

Sheehy was a boxing instructor at Camp Grant until recently.

COURT UPHOLDS MIGRATORY ACT.

LITTLE ROCK (ARK.) June 4.—Legality of the Migratory Bird Act of Congress was upheld today by the federal court.

The conclusion reached by Judge Trierer was that a treaty made by the United States, unless in violation of some express provision of the Federal Constitution, is the supreme law of the land and overrides the state constitutions and statutes of the States.

HITTING CAUSED BY LIVELY BALL.

The heavy hitting this year, which has not been confined entirely to the Coast League, is believed by some to be due to the use of a "lively" ball—a sphere of greater resiliency.

This suspicion which has been growing for some time, was voiced yesterday by Bob Connors, scout for the New York Americans, and Honus Mitze.

Whether it is due to a different center or better quality of yarn they are not sure, but they are certain that it is what is known as a "lively" ball.

"About all I have seen since I have been on the coast is hard hitting," declared Connors.

"I have not seen such slugging since the extremely live ball which was used several seasons since was discarded.

What struck me as strange was that it was nothing unusual to see really good pitching pounded all over the lot and it was this which aroused my suspicions."

Denny Willie With the Big War Club.

This is the hard-hitting outfielder of the Oakes who has been hitting the ball squarely on the bezel all season and, at the end of last week, was tied for the leadership among the sluggers with Sam Crawford with a mark of .371. Denny is a wonderful help to Howard's club.

Southern California is not maintaining its reputation for liberality in the purchase of tickets to Yosemite Park that are on sale now to raise funds for the completion of the proposed highway that will insure the park being accessible at all seasons of the year.

## GRAND PARADE WINS BIG DERBY

Crowds Greet Return of Famed English Classic.

Throng Travels in Every Known Conveyance.

Buchan Finishes Second and Paper Money Third.

DERBY (ENGLAND) June 4.—Grand Parade won the Derby at Epsom Downs today. Buchan was second, and Paper Money third. Thirteen horses ran.

Derby day, the world's greatest popular sporting event, returned after leaving blank on the British calendar for four years.

With the early morning the population began a progress toward Epsom Downs comparable with the migration of the tribes of Israel.

"This isn't a crowd; it is a nation," said a French writer of Derby day. The people traveled in trains, buses, four-in-hands, delivery wagons, donkey carts, on horseback, on foot, and as a sign of the new era, by airplane.

Aviators booked 100 passengers to Epsom Downs, although the weather was forbidding to fly within two miles of the course.

Thousands camped last night near the race course in tents, and caterers stored tons of provisions, their supplies including more than 100,000 bottles of beer.

The spectacle at the race course lacked nothing of the pre-war color and had a strong tinge of khaki.

King George, Queen Mary, the Prince of Wales and Princess Mary, drove from the station in landaus. All the familiar figures, from the Earl of Londonderry, dean of English sportsmen, wearing his silk top hat, to bookmakers from all parts of the kingdom, were present.

Maj. Waldorf Astor's Buchan was among the starters rated as a possible winner.

There was much interest in All Alone, because this racer is owned and has been trained by the "Farringtons."

The King's stables had nothing good enough to start in the classic event.

The betting against Grand Parade, owned by Lord Glanely, in the ante-post wagering, was 23 to 1, but the time for the race approached and he was taken up by many bettors, who reaped a good harvest.

Second place was won by Maj. Waldorf Astor's Buchan, 5 to 1 in the betting, and Paper Money, which finished third, was 7 to 1.

## ATHLETES SAIL FOR FRANCE

Forty-eight Leave from Hoboken to Join the Main Contingent.

NEW YORK, June 4.—A team of forty-eight of the leading athlete of the country sailed from Hoboken tonight to join the main contingent of the United States athletic combination which will compete in the inter-Ally games at Joinville, France, June 22 to July 1.

The party embarked on the transport Great Northern. The team is much in keeping with the departure of an Olympic games team. Among those who sailed were: Higgins, Rockwell Field; R. L. Templeton, Stanford; Edgar A. Coughy, Stanford.

Tennis—Clarence Griffin, California Tennis Club; William E. Davis, California Tennis Club.

The athletes gathered at the headquarters of the Amateur Athletic Union and were taken to Hoboken in sight-seeing automobiles, preceded by a band. They embarked upon the United States transport Great Northern. The team will reach Paris about the middle of next week. This will give the athletes about ten days for final training prior to the meet.

A majority are in fine form, having competed in college and open meets, and will continue training aboard the transport during the trip. Among those who sailed were:

Track and field—Sol Butler, Duquesne College; Charles Carroll, University of Illinois; Marshall Haddock, University of Kansas; Leam Charles, Faddock, University of Southern California; Tom Campbell, University of Chicago; Lieut. Edward Neenan, Notre Dame University; Lieut. C. J. Stout, University of Chicago; Charles Hammond, University of the South; William Sylvester, University of Missouri; Lieut. Robert Simpson, University of Missouri; Lieut. Meredith House, Twelfth Infantry, Norfolk, Va.; Lieut. Clinton Larson, Brigham Young University; Lieut. E. L. Vidal, Engineers' School, Camp Humphries, Va.; Sgt. Carl Rice, Parsons, Kan.; Lieut. William H. Taylor, Woodfield, O.; Lieut. Manassah, Carl Hans, Grinnell College; Robert L. Gendre, Georgetown University; Lieut. J. B. Sutherland, Pittsburgh Athletic Club; Lieut. Frank King, Notre Dame.

Two other prominent amateur winners of the "open" also will be seen in action next week. They are Jerome D. Travers and Francis Outmet. Several professionals who have figured as winners or runners-up in the "open" also have entered. Among these are Walter C. Hagen, Fred McLeod, George Sargent, J. J. McDermott, Gil Nichols, Alex. McTear, Tom McNamara and M. J. Brady.

M. J. Douglas Edgar, the professional winner from the Druid Hills Golf Club, Atlanta, Ga., was the winner of the last "open" championship decided in France prior to the declaration of war. Out of 135 entrants for this year's tournament, twenty-five are amateurs.

BECOMES MEMBER OF TENNIS FIRM.

Harvey Snodgrass, one of the most promising of the younger tennis players, has joined the McLaughlin, Bundy, Sinsabaugh Company and was on the job yesterday at the new place on Spring street.

Just now the firm needs a lot of help, as several of the members are doing the heavy thinking in connection with the summer's programs of tennis tournaments and is regarded as one of the best "comers" south of the Tehachas.

WHITE WINGS GROW WEARY.

The Blue Jays defeated the White Wings at polo yesterday by the score of 3 1-4 to 1. The game was played at the Midwick Country Club.

The line-up follows: Blue Jays—Mallory, Hallman, R. Spaulding, K. Spaulding, White Wings—Van den Heuvel, Ford, Andrews, Boucher. The Blue Jays scored nine goals and were penalized 3-4; 1-4 for safety and 3 for foul.

The Blue Jays have now lost four straight to the White Wings. A challenge is on for a set of four cups between the two teams, and the first game will take place next Saturday afternoon at 3 o'clock. The team that wins two out of three will be awarded a cup.

THE demand for Cadillac motor cars is increasing daily, not only in California, but throughout the country.

This condition makes it imperative that prospective purchasers anticipate their fall and winter needs. This especially applies to users of inclosed models.

DEFEATS FRANK HARRIS. AMATEUR BILLIARD CHAMPION.

Ora C. Morningstar played his second 200-point exhibition against Frank Harris, amateur champion of Butte, Mont., at 18-1 Balk Line.

Morningstar scored 200 against Harris 49 in 13 innings with a high run of 45.

Morningstar is training to regain the championship of the world against Willie Hoppe in his championship tournament next fall.

Another 200-point exhibition will be played at Morningstar's Billiard Room, 614 South Spring street, tomorrow night, June 4, with a local and promising amateur champion, Mr. James Loveland.

NORWALK WINS FROM HARVARD.

The Norwalk baseball team defeated the Harvard Military Academy yesterday by the score of 12 to 6. The former outfit the cadets and had no trouble winning. Batteries: Norwalk—Jordan and Neuffer; Harvard—Hubbard and Carpenter.

BY CHAPIN HALL.

The placing on the market of the lands belonging to California Delta Farms is carrying out a programme made at the time of the organization of the company. The sales campaign would have commenced at an earlier date had it not been for war conditions. The properties have now been on sale for eight weeks. The first unit of 4000 acres was placed on the market at \$250 per acre, the second unit of 5000 acres at \$275 per acre. When the second unit has been sold out the company will continue to offer its lands for sale at prices yet to be determined. A total of 7500 acres has been sold in a period of sixty days and the number of prospective buyers who have already made selections and are arranging their finances, indicates that this second unit is practically all sold. These lands appeal to the farmer, for they have, over a period of five to ten years, produced from 10 to 15 bushels of wheat per acre. The price of the lands is \$250 to \$275 per acre, or after deducting liabilities in the form of sales costs and bonds

amounting to \$3,000,000 and adding assets of \$600,000 gives the stockholders a net of \$1,700,000 while the rapidly increasing demand for property of this class apparently insures the ultimate results. The stock is quite largely held in Los Angeles. Through the subdivision and sale of its properties Delta Farms will be relieved of the criticism, sometimes heard, against land-holding in large tracts. It is said that the volume as during the past eight weeks, Delta Farms will have disposed of practically its entire holdings by January 1, 1920.

A Growing Business.  
E. S. Dulin, a member of the Blankenhorn, Hunter, Dulin Company, is an advocate of the early-bird rule. He says that the business he never could keep up with the job. He submitted to an ante-breakfast interview yesterday long enough to say that since the return of members of the firm from military service the business has been growing in the "leaps and bounds." Every issue in which the company has been involved, he said, has found ready sale, and there are some big things in contemplation. All of the available floor space on the fourth floor of the Los Angeles Trust Building has now been absorbed and there has now been added another floor of the same building. The company represents William W. Wray, Jr., in his Catalina holdings, and the development of that popular resort has only just begun. Offices have just been established in the American National Bank Building in San Francisco with Carlos Greely in the managerial chair. Mr. Greely was formerly connected with the St. Louis branch of E. H. Holling & Sons, before entering the government war service and is thoroughly conversant with the bond business. All of the members of the firm, David Blankenhorn, E. S. Dulin, Garretson Dulin and E. S. Dulin, together with Mr. Greely, who is also slated for a place on the directorate, went to the island yesterday to attend the opening of the "bankers' conference."

Blankenhorn and Mr. E. S. Dulin expect to devote considerable time to the San Francisco offices during the next few months. A branch is (Continued on Seventh Page.)

**Financing Construction**

FOR 37 years it has been our function to aid in upbuilding American cities by providing capital for modern fireproof buildings needed for housing, commerce and industry.

We are ready now, as in the past, to assist in financing construction of hotel, apartment, mercantile and industrial buildings.

Under the Straus Plan money is loaned in amounts of \$200,000 upward, in the form of first mortgage bond issues, and repayment is made over long periods out of the earnings of the property. Call or write to our nearest office.

(BY A. P. NIGHT WIRE.)

With money more abundant, speculative interests purchased extensively, and most of the specialties benefited with advances ranging up to about six points. This upward tendency was halted momentarily after announcement of the unfavorable dividend action and prices receded sharply in some instances, but the advance was later resumed with considerable vigor.

The average rise in specialties was from two to five points. Sales amounted to 1,000,000 shares.

The bond market today was irregular. Liberty issues were higher with the Victory 3 3/4's rising to 100.10. Total sales, par value, aggregated \$1,000,000. Old United States bonds were unchanged on call.

Liberty bonds final prices today were: 3 1/2-3 3/4's 99.50; first 4 1/2's 98.75; second 4 1/2's 98.75; third 4 1/2's 98.75; fourth 4 1/2's 98.75; Victory 3 3/4's 100.10; Victory 3 1/2's 99.25.

COTTON MAKES SHARP DECLINE AT NEW YORK.

NEW YORK, June 8.—The cotton market today was characterized by a sharp decline, with prices falling from 12.50 to 12.10 cents per pound. The decline was attributed to a report of a large cotton crop in the United States, which was expected to be harvested in the near future. The market was also affected by a report of a large cotton crop in the United States, which was expected to be harvested in the near future.

UNION CARBIDE AND CARBON JUMPS TO 73.

CHICAGO, June 8.—Union Carbide and Carbon stock today jumped to 73 cents per share, a gain of 10 cents. The increase was attributed to a report of a large order for the company's products, which was expected to be delivered in the near future.

BEARISH SENTIMENT RULES CHICAGO CORN.

CHICAGO, June 8.—Bearish sentiment ruled the Chicago corn market today, with prices falling from 1.10 to 1.05 cents per bushel. The decline was attributed to a report of a large corn crop in the United States, which was expected to be harvested in the near future.

LIVE-STOCK MARKET, LOCAL AND EASTERN.

CHICAGO, June 8.—The live-stock market today was characterized by a decline in prices for most types of livestock. The decline was attributed to a report of a large livestock crop in the United States, which was expected to be harvested in the near future.

FINANCIAL AND TRADE REVIEW.

There are many vacant chairs today throughout the financial district. Scores of bank officials and many interested in financial activity have taken themselves to California for attendance upon the convention of the California Bankers' Association. Several hundred made the channel crossing yesterday and many others are planning to go today.

## The disease germ is more dangerous than the mad dog

If a foaming-mouthed, wild-eyed maniac of a mad dog charged at a crowd of children, you know what you would do.

Every germ of diphtheria in your being would be in the quick spring that would lead you between the children and danger.

But how about the unseen menace—more threatening—more fatal—more cruel—than a million mad dogs—the disease germ.

The danger spots in the home—places where germs positively will breed unless these places are regularly disinfected, are garbage cans, cupboards, toilets, sinks, drains, dark, sunless corners and wherever flies gather or breed.

You can make the danger-spaces in your home completely germ-proof by the regular use of

# Lysol

Disinfectant

for no germ can live in its presence.

Lysol is invaluable for Personal Hygiene.

Lysol is economical; a five bottle makes 5 gallons of powerful disinfectant, enough to last for months; a five bottle makes 3 gallons. Get a bottle today—use it regularly—you will then make a better fight against disease than disease can make against you.

Remember, there is but one true Lysol—the product made, bottled, signed and sealed by Lysol & Co.

Lysol Toilet Soap

Contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he hasn't it, ask him to order it for you.

## Another Gusher in Block 41

### The Waseco Reported Making 5000 Barrels

This makes 5 gushers that Ossenbeck offsets, three in same block.

Ossenbeck closes the Southwestern office June 9th. You have till then to buy this stock at par, \$100.00 Share, if it lasts that long.

Are you familiar with OSSENBECK? Do you know that Burk Burnett is the only field in North Texas where any dividends have been paid and that in this field NINETEEN per cent. of the companies have been big money makers—that some of these companies only had one town lot and could drill but one well? Ossenbeck's wonderful property in Block 41 equals THIRTY town lots. This lease offsets the famous Humble GUSHERS—two in the same block and two in the adjoining block. You know, of course, that NINE HUNDRED AND NINETY-NINE offsets out of a thousand prove BIG PRODUCERS.

Do you know that should OSSENBECK get but one such well as the Humble in the same block, this company would pay wonderful dividends. Now, just figure it up. The Humble is producing 8,000 barrels daily; oil is selling at \$2.25 a barrel; Ossenbeck is capitalized for only \$65,000. What's the answer?

You'll find that OSSENBECK is the REAL oil proposition before the people today. The company that is managed by REAL oil men—the company that has 100 per cent. REAL oil property. And a company, too, that offers REAL action—QUICK—for the president, J. H. Ossenbeck, is already making arrangements for getting the machinery on the ground for drilling the first well. He will close the El Paso office June 9 and leave immediately for the field to PERSONALLY superintend the drilling operations.

Here's another little tip that might help you in selecting a company to invest with: The Texas company was organized a little over fifteen years ago BY REAL OIL MEN and their holdings weren't so large, but these holdings were REAL oil lands and the capitalization of the Texas company was only \$50,000. Today this company has producing oil wells, refineries and pipe lines in every oil field in the southwest and is capitalized for \$67,000,000. Mr. Ossenbeck is now in the field, the Texas company for years and had much to do with its success.

If the center of the famous BILLION DOLLAR CIRCLE west and northwest of the town of Burk Burnett, Texas, is OSSENBECK's wonderful lease. From this property one can see all the famous fortune makers in this field, most of them being in a stone's throw of Ossenbeck's holdings. Enough wealth is produced every hour within a radius of one mile of Ossenbeck to support the entire state of California for a long, long time.

Investors in the Fowler Farm Co. receive \$20,000 for every \$100 invested; those who bought Burk Burnett at par made \$2,525.53 on every share; the Marine stockholders disposed of their stock for \$1,750 a share. That's the way they make money at Burk Burnett. And if you intend to get some of the wealth, the surest, safest and quickest way is to BUY OSSENBECK at \$100 a share.

Hedge on your other investments—WIRE today for OSSENBECK stock.

## WILL CONTEST POWER BONDS.

Court to Decide Validity of Issue Authorized.

Claim Seven Thousand Votes Wrongfully Counted.

"Look for Fireworks," Says League Secretary.

That a contest to prove the \$13,500,000 power bond election result invalid will be started as soon as the returns are officially tabulated, is the statement made yesterday by Walter J. Little, secretary of the Municipal Taxpayers' League. Mr. Little says that he has sufficient evidence to show that at least 1000 blank ballots were counted as votes and that other ballots which were not even voted, but were permitted to be scattered on the floor were included in the count.

Secretary Little was in consultation with attorneys yesterday and says they are now preparing action in anticipation of a spirited contest. Among the charges that Secretary Little will bring are that ballots were thrown on the floor at one precinct, that ballots were voted by persons not entitled to vote, that the election officials did not realize their duty and did not follow instructions which made it obligatory that a bond ballot should be voted with each of the other ballots placed in the boxes.

"The bond election was illegal," said Secretary Little, "and we will start a contest at once to prove it. This does not mean that we are taking any action in the Mayorality contest or in the Councilmanic or other parts of the municipal election. We are interested in the bond election. Our contention is that the two-thirds majority has not been polled for the bonds. On that ground we seek to invalidate the count and we are certain that our ground is well taken. We expect the contest will be one of the most interesting ever fought in our courts."

"We know where we stand and what our evidence is. Look out for some fireworks when we begin."

MAYOR NEEDN'T TELL OF VISITS TO HUGHES.

COURT SO RULES IN TRIAL OF NEGRO POLITICIAN FOR ATTEMPTED BRIBERY.

Details of trips made to the home of Thomas Hughes by Mayor Woodman, his former secretary, Rev. Glen MacWilliams, and Hyrace W. Karr, former Examiner reporter, will not be admitted in evidence in the trial of George Henderson, accused of offering and giving a bribe to Mayor Woodman for alleged police protection. This point was decided yesterday by Justice Willis when the trial of Henderson began with Karr on the stand.

As a result Mayor Woodman, if he is called as a witness, will not be questioned again as to whether Karr rode to Mr. Hughes's home in the Mayor's machine, as charged by the defense. In answer to questions by District Attorney Woolfson, Karr began a recital of the trip of May 24, 1917. On objection of LeCompte Davis, of counsel for Henderson, the court ruled out the testimony as not admissible in evidence in the Henderson case.

Karr told practically the same story as before, mentioning his alleged conversations with Mayor Woodman and his arrangements with George Henderson and George S. Brown, negro politicians, for the alleged collection from gambling houses and places of ill fame of a fund for police protection and for Sgt. Hackett's promotion. Hackett was a date seemed to trouble the witness and the court rebuked him.

Direct examination of Karr will probably be completed today and cross-examination will probably last two days. While he was testifying upon request of Mr. Davis, George Brown was ordered to stay out of the court room. Mr. Woolfson also requested that Sgt. Hackett stay out of the room until called, and the request was granted.

ON RUSSIAN MISSION.

Dr. Thomas J. Orblin Appointed to Important Work.

Dr. Thomas J. Orblin, neurologist, who for many years had his offices in the Brockman Building and who has been serving as a captain in the Medical Corps with the American Expeditionary Forces in France, and is now with the Army of Occupation in Germany, has been ordered to join the Russian mission, which has to do with the food problem of Russia. He will probably not return to this city until next fall.

FOURTEEN-MILE ROAD.

The county road department yesterday laid before the Supervisors plans for the construction of an oil macadam road from Lancaster to Redman, a distance of fourteen miles. The estimated cost of the road is \$225,000. Of this amount the county will pay \$50,000. The remainder will be assessed against ranch property in Antelope Valley.

No matter how modest or palatial your home it is worth protection against loss by fire.

SHOWS PROSPERITY.

More Service Men Given Jobs Last Month Than Ever Before.

Clearings of the local office of the United States Employment Service totaled \$507 placements for the month ended May 31. This is an increase of 507 placements over the corresponding month of 1917, and 1011 placements over the corresponding month of 1918.

Last month, the placements for this bureau totaled \$211, which is a high record to date since the establishment of this bureau in Los Angeles. However, with a total of \$507 for the past month, all previous records have again been broken, and this indicates that Los Angeles and manufacturers of Los Angeles are rapidly getting back to normal business during the reconstruction period.

SPOTS FIRE FROM AIR.

Aviator Gives Alarm and Blame is Quickly Extinguished.

Lieut. Donald Cathcart, adjutant at Ross Field, Arcadia, while making a flight in a balloon, yesterday afternoon, in connection with fire patrol work, discovered a grass fire on the Baldwin ranch, near the Santa Fe tracks.

The alarm was given by signal and within fifteen minutes a detail of fifteen men, with fire service equipment, were on the ground fighting the blaze, which had spread to a barley field. The flames were checked after only about one acre of the stubble had been burned over.

GENERAL ALARM OUT FOR GLENDALE MAN.

AGED RESIDENT LEAVES HOME FOR STROLL AND DROPS FROM SIGHT.

Glendale and Los Angeles police were notified yesterday of the disappearance of Russell Squier of 918 North Louise street, Glendale. Mr. Squier was last seen by members of his family at 8 p.m. Monday. He left his home to walk to town and did not return. Inquiry by the police elicited the information that he had been seen taking a street car to Eagle Rock, yesterday afternoon.

Mr. Squier was 69 years of age, had been suffering from a mild form of senile dementia, and it is presumed by his wife, Mrs. Ada Squier, that he became confused as to the location of his home. He is described as tall and heavy set, and slightly stoop-shouldered. His face is that of a man in good health. He has a mustache and beard. At the time he left home he was wearing a gray suit and hat, and carried a cane.

Mr. and Mrs. Squier have been residents of Glendale for the past three years. Mr. Squier has been in failing health for the past two years.

FOR NURSES TO GRADUATE.

County Hospital Training School has Class of Twenty-one.

Commencement exercises of the Los Angeles County Hospital Training School for Nurses will be held at the chapel on the hospital grounds at 2 p.m. tomorrow.

Address will be given by Supervisor Bean and Dean McCormack of St. Paul's Pro-Cathedral, following introductory remarks by Rev. E. E. Haring, chaplain of the hospital. Piano music will be furnished by Mrs. Esperance Schwartz, a member of the school, and Mrs. Walter Wessels will give two violin solos.

Miss Mary Pearson will read the class will. The diplomas will be presented by Supt. Martin; the pins by the superintendent of nurses, Mrs. Horstetta R. Muir, and the alumni prize by Miss Bertha E. Kalte.

The following twenty-one nurses will be graduated:

Alene Bailey, Catherine Bamesberger, Christine Bamesberger, Minnie Bennett, Joella Bufa, Elsie Creaman, Thelma Driggs, Louise Geoff, Nellie Kendall, Charlotte Mahon, Eunice McElrick, Margaret McKenna, Ina Merrow, Mary Pearson, Althea Perkins, Sarah Price, Helen Richardson, Ines Dowse, Lou Alice Rupprecht, Undyne Wolf, Janet Wood.

The County Hospital Training School for Nurses is now the largest training school west of Chicago, with exceptional clinical and physical facilities for adequate training.

A new nurses' home, costing \$175,000, is in course of construction and will provide up-to-date housing, study and recreation accommodations for the school.

During the past twenty-four years and during that period 425 nurses have been trained and graduated and 15,000 patients have passed through the hospital.

## MAYOR EXTENDS FELICITATIONS.

Offers Snyder Good Will and Aid as a Citizen.

Council Begins Canvass of Tuesday's Voting.

Bond Proposals All Get the Needed Two-thirds.

(Continued from First Page.)

is a four-year term, on May 21, 1917, and the indications are that he will not tender his resignation.

Chief of Police Butler yesterday announced that at the present time he has no plans as to the future.

"At this time," said Chief Butler, "I have nothing at all to say. Some kind of action one way or the other but for the present I am not in the matter much thought and do not care to make any statement."

The City Council began the official canvass of the returns at 1:30 o'clock yesterday afternoon, and had completed 300 precincts when it adjourned. It will continue the canvass this forenoon, after attending to routine Council business.

Minor changes were made in the figures in yesterday's canvass, and they did not affect the standing of any of the candidates.

It is still in the lead of John B. Reeves by more than 1000 votes, placing him within the list of the nine highest nominees. All the bond proposals carried.

A feature of the voting in the harbor district was the remarkable strength shown by E. D. Seward, the harbor candidate for Council, who polled 1531 votes out of a total of 1943 ballots cast in San Pedro, Wilmington and Terminal Island.

The vote on Mayor in the same precincts was 1296 for Snyder and 607 for Woodman. In San Pedro Seward carried every precinct by a vote of 1857 to 377 for Woodman. In Wilmington, however, this was reversed and Woodman received 192 to 141 for Snyder.

Mr. Seward's supporters made the harbor administration the main issue in the harbor district.

SENDS CONGRATULATIONS. Mayor Woodman yesterday morning sent to Mayor-elect Snyder a letter, stating:

"I extend to you my hearty congratulations on the outcome of the campaign just past, and assure you of my good will and assistance, as a citizen, in bearing the heavy burden which I know a Mayor must assume."

Mayor Woodman also issued the following statement to his supporters in the campaign just closed:

"I wish to extend my sincere thanks to the many friends, who so nobly stood by me during the campaign just closed."

"I wish to assure the people of this great city that a defeat will not move me one inch from my stand on municipal ownership of those great utilities which mean so much to the people of this city."

"For the past eight years I have given the city the best that was in me, and have endeavored to keep politics removed from city affairs."

"There are many changes that should be made in the city government, and the demands of modern conditions, and relieve, to some extent, the heavy burden under which a Mayor must labor."

"In all my acts I have endeavored to protect and care for the best interests of the city."

FROM MR. BURNELL. The following statement was issued by Charles S. Burnell:

"I extend to you my sincere congratulations on the result of the election for City Attorney, but by the overwhelming majority, I have received for that office. I wish that I could personally thank all of those who worked for and supported me, but since this is physically impossible, I desire, through The Times, to convey my sincere thanks to each voter who cast his or her ballot for me, and to the many loyal friends who gave so unsparringly of their time and effort in my behalf."

"It is my purpose to so conduct the office of City Attorney that at the end of my term shall have deserved, at least in some measure, the loyal support which has made it possible for me to serve Los Angeles as its legal adviser. I shall enter the office with the earnest endeavor to be just and fair to all, and to give to the city the best that is in me. To this end I bespeak the co-operation of all the people of our beloved city."
